26th National Magnetic Resonance Society Meeting and Conference on NMR-from Molecules to Human Behaviour and Beyond

The Department of Chemistry, Saurashtra University, Rajkot, Gujarat is organizing the 26th National Magnetic Resonance Society Meeting (NMRS 2020) during 19-21, February 2020, with a one-day pre-conference Vendors meeting on 18th February, 2020. The meeting will cover all areas of Magnetic Resonance with special emphasis on application to Drug Research and Pharmaceutical Sciences. In addition to invited lectures by stalwarts of Magnetic Resonance from all across the globe, the event will feature participation by over 250 leading scientists and research students from India. The conference will cover NMR and its applications to Chemistry, Biology and Medicine and will also include talks on MRI and MRS in clinical and preclinical research. The objective of the conference is to disseminate knowledge on the recent advances in the fascinating field of NMR among Scientists, Clinicians and Biomedical researchers.
